

**Description**

DBTO is a white solid. DBTO is typically used as an intermediate in the manufacture of butyltin stabilizers for use as PVC stabilizers or for use as catalysts.

**Specifications**

Tin, %, min.....	47.0
Acetone solubles, %, max.....	2.8
Loss on drying (LOD), %, max.....	0.3
Chlorides, %, max.....	0.1
Whiteness index, min.....	60

**Typical Properties**

Appearance.....	white solid
Specific gravity.....	1.61
Melting point.....	decomposes @ 350 °C without melting
Tin, %.....	47.7

**Shipping Information**

**I. Packaging:**

Package	Container Size
Sample – 5 gallon	44 lbs. / 20 kgs
Drums	220 lbs. / 100 kgs
Supersacks	2000 lbs. / 907 kgs

**II. Shipping Description:** Non-Regulated

## Safety and Handling

Consult the material safety data sheet (MSDS) for information on the safe handling and use of this product. The MSDS may be requested from the Customer Service Office of Stannica LLC at 1-800-446-2800 or from our website at [www.stannica.com](http://www.stannica.com).

## Chemical Registration Numbers

**CAS Registry No.**  
818-08-6

**EINECS No.**  
----

IMPORTANT: The statements, technical information and recommendations contained herein are believed to be accurate as of the date hereof. Since the conditions and methods of use of the product and of the information referred to herein are beyond our control, Stannica LLC expressly disclaims any and all liability as to any results obtained or arising from any use of the product or reliance on such information; NO WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE, WARRANTY OF MERCHANTABILITY OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, IS MADE CONCERNING THE GOODS DESCRIBED OR THE INFORMATION PROVIDED HEREIN. The information provided herein relates only to the specific product designated and may not be applicable when such product is used in combination with other materials or in any process. The user should thoroughly test any application before commercialization. Nothing contained herein constitutes a license to practice under any patent and it should not be construed as an inducement to infringe any patent and the user is advised to take appropriate steps to be sure that any proposed use of the product will not result in patent infringement.

Before handling this material, read and understand the MSDS (Material Safety Data Sheet) for additional information on personal protective equipment and for safety, health and environmental information.

For environmental, safety and toxicological information, contact our Customer Service Department at 1-800-446-2800 to request a Material Safety Data Sheet.
